In Wesleyan We Trust

From a joyous Alumnae week-end your Secretary and your Editor went to Atlantic City for the annual conference of the American Alumnae Council.

Ocean breezes blew fresh air into our faces, ruffling our hair; top people of the nation's colleges riffled our brains with new ideas and approaches, and with restatements of the old, tried-but-true values.

The keynote theme of the conference was TRUST.

"Trust"—to "have confidence in"—in all the interrelations of college life. Administration, faculty, students, alumnae should all trust each other to do his utmost for the GOOD of the SCHOOL averred the opening speaker. To attain this ideal each must keep the other informed and each must seek to understand the problems of the other.

We alumnae of Wesleyan must begin by expecting the best from each other and those connected with Wesleyan, by ascertaining all the facts before forming an opinion, and by assuming that Wesleyan comes first in the thoughts and actions of those in positions of leadership.

We are fortunate to have an Administration that is aware of alumnae interests and problems. With the Administration's blessing, the Alumnae Association has moved, through its Student Interest Committee, to develop a closer relationship with the student body. In the coming year we hope to find a communication road to sounder faculty-alumnae understanding and trust.

YOU can help, for you are the alumnae. Do you TRUST Wesleyan's Administration, faculty, students, Alumnae Association? We at Wesleyan cannot do our best without your support.

FRONT COVER

In the old days it was the Crows' Nest.

There, high in a tree, on the campus behind the college on the hill, black-garbed graduated Seniors, newly-become alumnae, gathered for last goodbyes. They wore their caps and gowns proudly, knowing this dress symbolized a degree from Wesleyan College.

Through the years, as alumnae returned for reunions, the Crows' Nest was their trysting place.

On the Rivoli campus during the past thirty-seven years, the Alpha Delta Pi fountain has become a center of campus activities. The drum beats for pep rallies, for all sorts of excitements, and students converge upon the circle of rippling water.

Small wonder that returning alumnae today feel drawn to this pulsing heart of the campus. There, just below the loggia, new alumnae and old gathered for Alumnae Day, 1965. Our cover photo shows but a segment of the reunioners.

REUNION

AN AFTERNOON . . . an evening . . . and then there was the morning of the next day. . .

"How glorious it all was", wrote Abigail. "My memory of the beautiful experience is a joy to muse upon . . . I feel a depth of gratitude for everything."

Abigail was one of 250 alumnae who came back to Wesleyan for the blue ribbon 1965 Alumnae weekend, May 28-29. Perhaps she is not typical, for she was the speaker on Saturday, Alumnae Day. She was given special treatment, too, as winner of an Alumnae Award for Distinguished Achievement and ended up on the front page of the Sunday Macon Telegraph.

But Abigail was a reunioner, class of '25, shining and bubbling like other reunioners who fell upon the necks of friends and classmates eager to talk about the past, present and future of each other and of their beloved Alma Mater.

This was a Houseparty to remember, to muse upon, perhaps the last time alumnae could be housed on the Rivoli campus. Due to the population and knowledge explosions, Wesleyan will be filled to capacity next fall, President Strickland announced with pride and regret—regret that alumnae must plan to stay elsewhere. Equal to the situation, our Board of Managers, who convened Friday morning, recom-

mended that we meet next year as usual on campus, but be housed off campus. Alumnae pondered the situation—finally voted "yea".

On the back cover there is a map of Macon showing places to stay. Study it, watch for details from your class president, and plan early to make an exciting safari into the wilds of Macon.

Reunioners in '66 will include '16 (Golden) and '41 (Silver) classes, 1900 and all prior, '06, '11, '18, '19, '33-4-5-6, '48-9, '50-1, '61-2-3. Already they are musing on the possibility of spending a glorious afternoon, evening, and morning at Wesleyan with the classmates of their golden days. . . .

THE COLLEGE-FOR-A-DAY committee came early, ate lunch with Chairman Catherine (Jordan) Stewart, '35, dashed in a torrent of rain to the recital hall just in time to register with Jane (Mulkey) Green, '42, for the afternoon's classes.

Musicians and non-musicians formed a responsive audience as Prof. Norman McLean discussed vocal music of the Baroque Period. Four students demonstrated with songs.

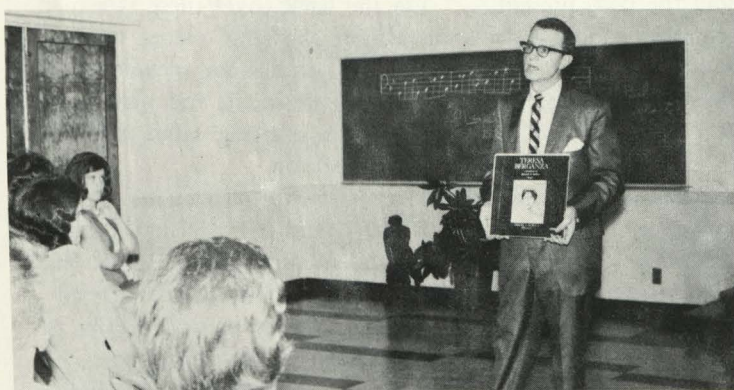

Mothers and grandmothers crowded around Ann Munck, English professor, drinking in her advice on reading for children, eager for her book list. "Both Miss Munck and Mr. McLean were fascinating," wrote an alumna.

Outside on the loggia rain splashed and splattered, lightening flashed, but alumnae rode through the storm to register for this blue-ribbon weekend.

Evening

THUNDER AND RAIN could not keep alumnae away from the banquet. Moist but merry they trooped into the Anderson dining room.

The girls of '15 and '40 donned gold and silver bonnets, tying streamers under their chins, laughing, chattering with the rest, admiring the old school bonnets trimmed with fresh flowers centering all the tables. Alumnae President, Elaine (Wood) Whitehurst, '53, tapped the bell and Carol ("Casey") Thurman, '65, sang to the tune of the Doxology, "Be present at our table, Lord."

During dessert Elaine introduced the Gold and Silver girls, presented them with their anniversary pins.

By now the rain had stopped. A city bus waited outside to carry alumnae to the Strickland's Open House, marshalled by Anne (Stewart) Raymond, '58, efficient in galoshes.

Still to come were the reunion parties, get-togethers, class meetings. The Silver girls went to call on Dr. and Mrs. "Gin" in their new house; ended their spree by electing Marjory (Potts) Durden vice president of their class, to serve until their next reunion. At Mary (Pate) Hatfield's a non-reunion party in honor of Emily Bell, '48, ended up around the swimming pool. The Golden girls met in the Hinton lounge with the first Vetteropt, their scrapbooks, and other memorabilia. No one—but NO one would tell how late the parties lasted.

Morning

AT 11 A.M. THE CHIMES were silenced and in the darkened auditorium the great green curtain parted. On the stage faces of alumnae shone in the light of candles they held to pass to Seniors as they accepted the Benson charge from President Elaine.

The invocation spoken by Ann Maria Domingos, '39, expressed thanks for "all those who through the years of Wesleyan's history have given of themselves to make available to each new generation of students the experiences of learning in the atmosphere and tradition unique to Wesleyan."

Speaker Abigail (Graves) Randolph, '23, eloquent director of the Family Worship Department of the Upper Room, had her audience captivated. Her inspirational words of wisdom were timed exactly 20 leisurely minutes.

Random quotes: "If women ever get together, we can do anything we want to for our world, even bring peace . . . Women used to have to choose between a career and a family . . . but today woman can combine her roles because she possesses drive, self-assertion, ability, and skills. Yet she can still be a woman, remaining receptive, tender, and compassionate . . . Women must not fail in the basic unit of society—the family—or the moral fiber of society—religion."

"I believe the task of Wesleyan College is to prepare young women for their individual task . . . It will be the personal account of each of us, and of all the Wesley Anns to come in the next one hundred years, that will decide what Wesleyan will accomplish. May it be glorious."

Vice president Emma (Stephens) Wilson, '34, escorted Abigail from the stage, two Wesleyan women, walking in beauty. A moment of prayerful silence followed in memory of forty alumnae deceased in the past year, in whose honor white flowers had been arranged by Emma (Drew) Clay, '14.

NOW THE CURTAINS parted again, and the Annual Meeting began. Elaine, utterly feminine in a huge white cartwheel hat, clicked off the agenda like a general—reports, elections, gifts, awards—and at 12:15 on the dot rapped the final gavel.

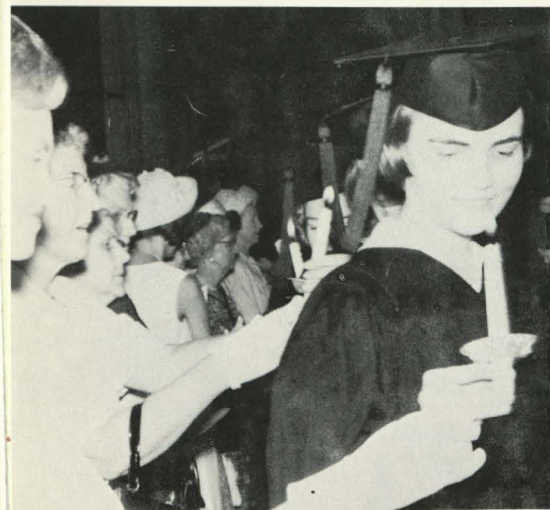

Business of the day: Treasurer Jane (Mulkey) Green, '42, and VP Martha (Aiken) Pendergrast, '42, presented certificates to Class Agents

and Area Representatives (see list on page 18) . . . Sarah (Curry) Jones, '48, saluted retiring officers, Mattie Lee (Mullis) Nunez, '43, and Cornelia (Turner) Thornton, '30 . . . Florence (Trimble) Jones, '20, acting for Margaret (Munroe) Thrower, '35, read the slate—Helen (Lovein) Jackson, '41, for Board of Managers, and Carolyn (Malone) Carpenter, '39, for Alumnae Trustee, duly elected . . . Dr. Strickland thanked all for coming "on this wonderful day" and accepted gifts for the Library and the Loyalty Fund from Evelyn (Betts) Bell for the Golden class, Eleanor (McCrory) Tarleton for the Silver Class, (in honor of Katherine Carnes) Sarah (Curry) Jones for the Atlanta Club, Neva (Barrow) Antley, '25, for the Marietta Club, Ann (Nalls) Croom, ('58) for the Macon Club . . . Jackie (Davis) Richardson, '60, national chairman of the Student Interest committee, reported plans for Macon area alumnae to sponsor students on campus—Mary (Pate) Hatfield, '48, read award citations which were presented by Elaine . . . also presented, the Alumnae Scholarship for Leadership, for '65-6 to Jean Widney, rising junior, a music major from Morrow, Ga.

THEY CARRY THE LIGHT

Alumnae of yesterday pass the torch to today's girls

Until lunchtime alumnae were caught up in a flurry of photographers, sight-seeing, and old-fashioned visiting—some sat in rocking chairs on the Mt. Vernon porch, others sank deep in the cushions of the Hinton Lounge, the Burden parlor, and the Porter Lobby, others went to see the Jennie Manget Dining Room.

The oldest and the newest alumnae were represented at the luncheon by Lila (Everett) Flournoy, '84, and Katherine (Champion) Smelley, '65, Alumnae Link, who sat at the head table with Dr. and Mrs. Strickland, Elaine, Emma, Abigail, and her guest, Mrs. Marion Wade, mother of alumnae.

Alumnae Awards

Fifteen years ago, at the suggestion of Rebecca (Caudill) Ayars, '20, the Alumnae Association instituted its annual Alumnae Awards. These are presented to Wesleyan women each year on Alumnae Day for Distinguished Achievement which reflects honor upon Wesleyan, and for Distinguished Service to Wesleyan.

Nominations for these awards may be submitted by anyone, alumnae or otherwise. Names, accompanied by fully documented statements as to why these alumnae are worthy of an award, are sent to the Alumnae Office. An anonymous committee, appointed by the Alumnae president, screens this material carefully, submits its choices to the Alumnae Board of Managers for approval. No one on the Board of Managers and no one officially connected with the college is eligible for an award while in office. Send names now—deadline for nominations for next year is December 31, 1965.

Busy Summer

It's been a busy, productive summer for Weyman Huckabee, vice president in charge of development, who visited foundations, alumnae, and old friends in the interest of Wesleyan.

In June Mr. Huckabee was invited by the directors of the Laymen's Movement for a retreat at Wainwright House, in Rye, N. Y., to help plan their 25th anniversary next year. He served as executive director of that group for 22 years and was their permanent representative at the UN., helped establish the UN Meditation Room. He stopped there briefly on the trip, then called on Francis Carpenter, of the U. S. Mission, and Dr. Frank Graham, who is scheduled to speak in Macon in October.

A high spot of the trip was at the home of a friend of those days, chain store executive J. C. Penny, in Greens Farms, Conn. Mrs. Penny, though not an alumna, entertained neighboring alumnae at tea. The new Wesleyan film was shown, there were gardens to see, orchids, and all had a lovely time.

That Sunday, June 20, the Huckabees had lunch in New Haven with Ruby (Pickett) Woolsey, '03, whose hobby is collecting seashells (her husband's father was president of Yale).

Salisbury, N. C. came next, with a group at the home of Dr. Elizabeth C. Hyde, former chemistry professor and recent benefactor of the college. Her sister, Catherine, helped with the party, which featured the film (Florence Cawthon Stanback was especially enthusiastic), and a full evening of talk about Wesleyan.

Friday brought Charlotte, N. C., at the home of Annette (Rumph) Peery, '45, with Margaret (McWilliams) Goforth, '48, co-hostess. The film, refreshments, and plans made the morning fly. This group aims at a "Prospect Meeting" with high school students, also hopes to meet with the Salisbury alumnae. Emily (Hodges) Young, '57, was elected leader.

Foundations called upon included the Ford, Merrill-Lynch, and the Reeves Brothers (textile mills) in New York, also the Richardson Foundation, in Greensboro, N. C.

"If only we can move foundations, friends, and alumnae to respond to Wesleyan's financial needs, especially the Library!" said Mr. H.

Earlier in the month, June 8, Mr.

Huckabee, also Dr. Strickland met for lunch with Savannah alumnae, who included wives of delegates to the South Georgia Conference, then in session.

Ann (Smith) Strozier, '29, club president, made arrangements. Dr. Strickland spoke, the film was shown, and also broadcast over WTOG-TV the following Sunday.

In July Mr. Huckabee attended the ACPRA meeting in Cincinnati and vacationed at his cottage on St. Simon's Island.

The First Year

IT HAS BEEN a wonderfully exciting year being back at Wesleyan re-visiting old friends and meeting many new ones. I still can't believe that I would presume to sit at Miss Horne's desk in the chair "Miss Jennie" filled so ideally and to attempt to follow Florence Jones!

"Learning" has characterized this year and will continue to play a large part next year. Guided, assisted, and supported by those who have been close to Wesleyan and active in Association affairs in recent years, I've been introduced to the myriad projects of the Wesleyan Alumnae Association—projects which those of us situated at distances from the campus never suspect even though we avidly read the Alumnae Magazine and attempt to keep up with our classmates.

This brings me to my first personal "crusade"—a long range goal of solving the problem of communication among the individual alumnae, the Association officers, the clubs, and the campus. How can those of us privileged to be on the campus pass on to the rest of you the glories of Wesleyan Today and our pride in the Classes of '66, '67, '68, etc? And how can alumnae in many countries around the globe take their rightful place in shaping Wesleyan Tomorrow?

To learn the professional aspects of alumnae work and how it is done at other schools, I attended the American Alumni Council (AAC) General Conference in Denver in July 1964 and in Atlantic City in June 1965 and the AAC Regional

Conference in New Orleans in January 1965. Many ideas and suggestions have already been passed on to the Board of Managers. Freda Nadler, our Alumnae Editor, also attended the last two meetings. Elaine Whitehurst, the Alumnae Association President, went to New Orleans with us, and, in addition to learning "how others do it", we met personally many alumnae in Alabama, Mississippi, and Louisiana. I hope each year at least one of the Association officers can attend the AAC Regional Conference with the Alumnae Director and Editor.

As few changes as possible were made this year in the Alumnae Association routines and activities to minimize the impact of a new Director and a new slate of officers the same year. Change, however, is inherent in a living, growing organization.

The most exciting innovation this year was the introduction of the "Alumnae Links". The vice-president of each student class serves as the link between her class and the Alumnae Association making it possible for the Alumnae Office to take a meaningful place in student life and for students to make the transition to alumnae more easily. An increased emphasis on the activities of the Student Interest Committee will, Elaine hopes, bridge the gap between "student" and "alumna".

Do you realize that Wesleyan has more students than it can house this fall? This fact means no guest rooms and no housing for visiting

alumnae—hence, the off-campus reunion housing announced at the Annual Meeting and reported in the Magazine. Other schools have done this so successfully their alumnae prefer it; we can like it too with early planning and coordination.

Have you heard how expertly Elaine conducts a meeting? The Annual Meeting moved briskly from the prelude of chimes to the final gavel in an hour and 30 minutes—a tribute to thoughtful planning, timing, and cooperation of all participants. It expressed the hopes of the year just ending and set the tone of inspiration and striving for the year ahead.

Then came two months for the final paperwork of the fiscal year and the summer of scheduling Association activities for the coming year—Orientation of Alumnae Sponsors; Alumnae New Students Tea; Continuing Education Program; Career Day; Homecoming of Class of '65; Workshops for Class Agents, Class Presidents, Area Representatives; Alumnae Council Meeting; Parent's Day; the Annual Loyalty Fund campaign; Reunion / College-for-a-Day / Alumnae Day—and throughout it all the continuing question of communication. How can we "get the word" *to* and *from* more of you faster?

Yes, I'm learning and having fun doing it. But, I need *YOUR* help too. Won't you share with me the pleasures of finding ways to keep Wesleyan first in our thoughts and interests?
